Grid System

Screen size: 1728×1117

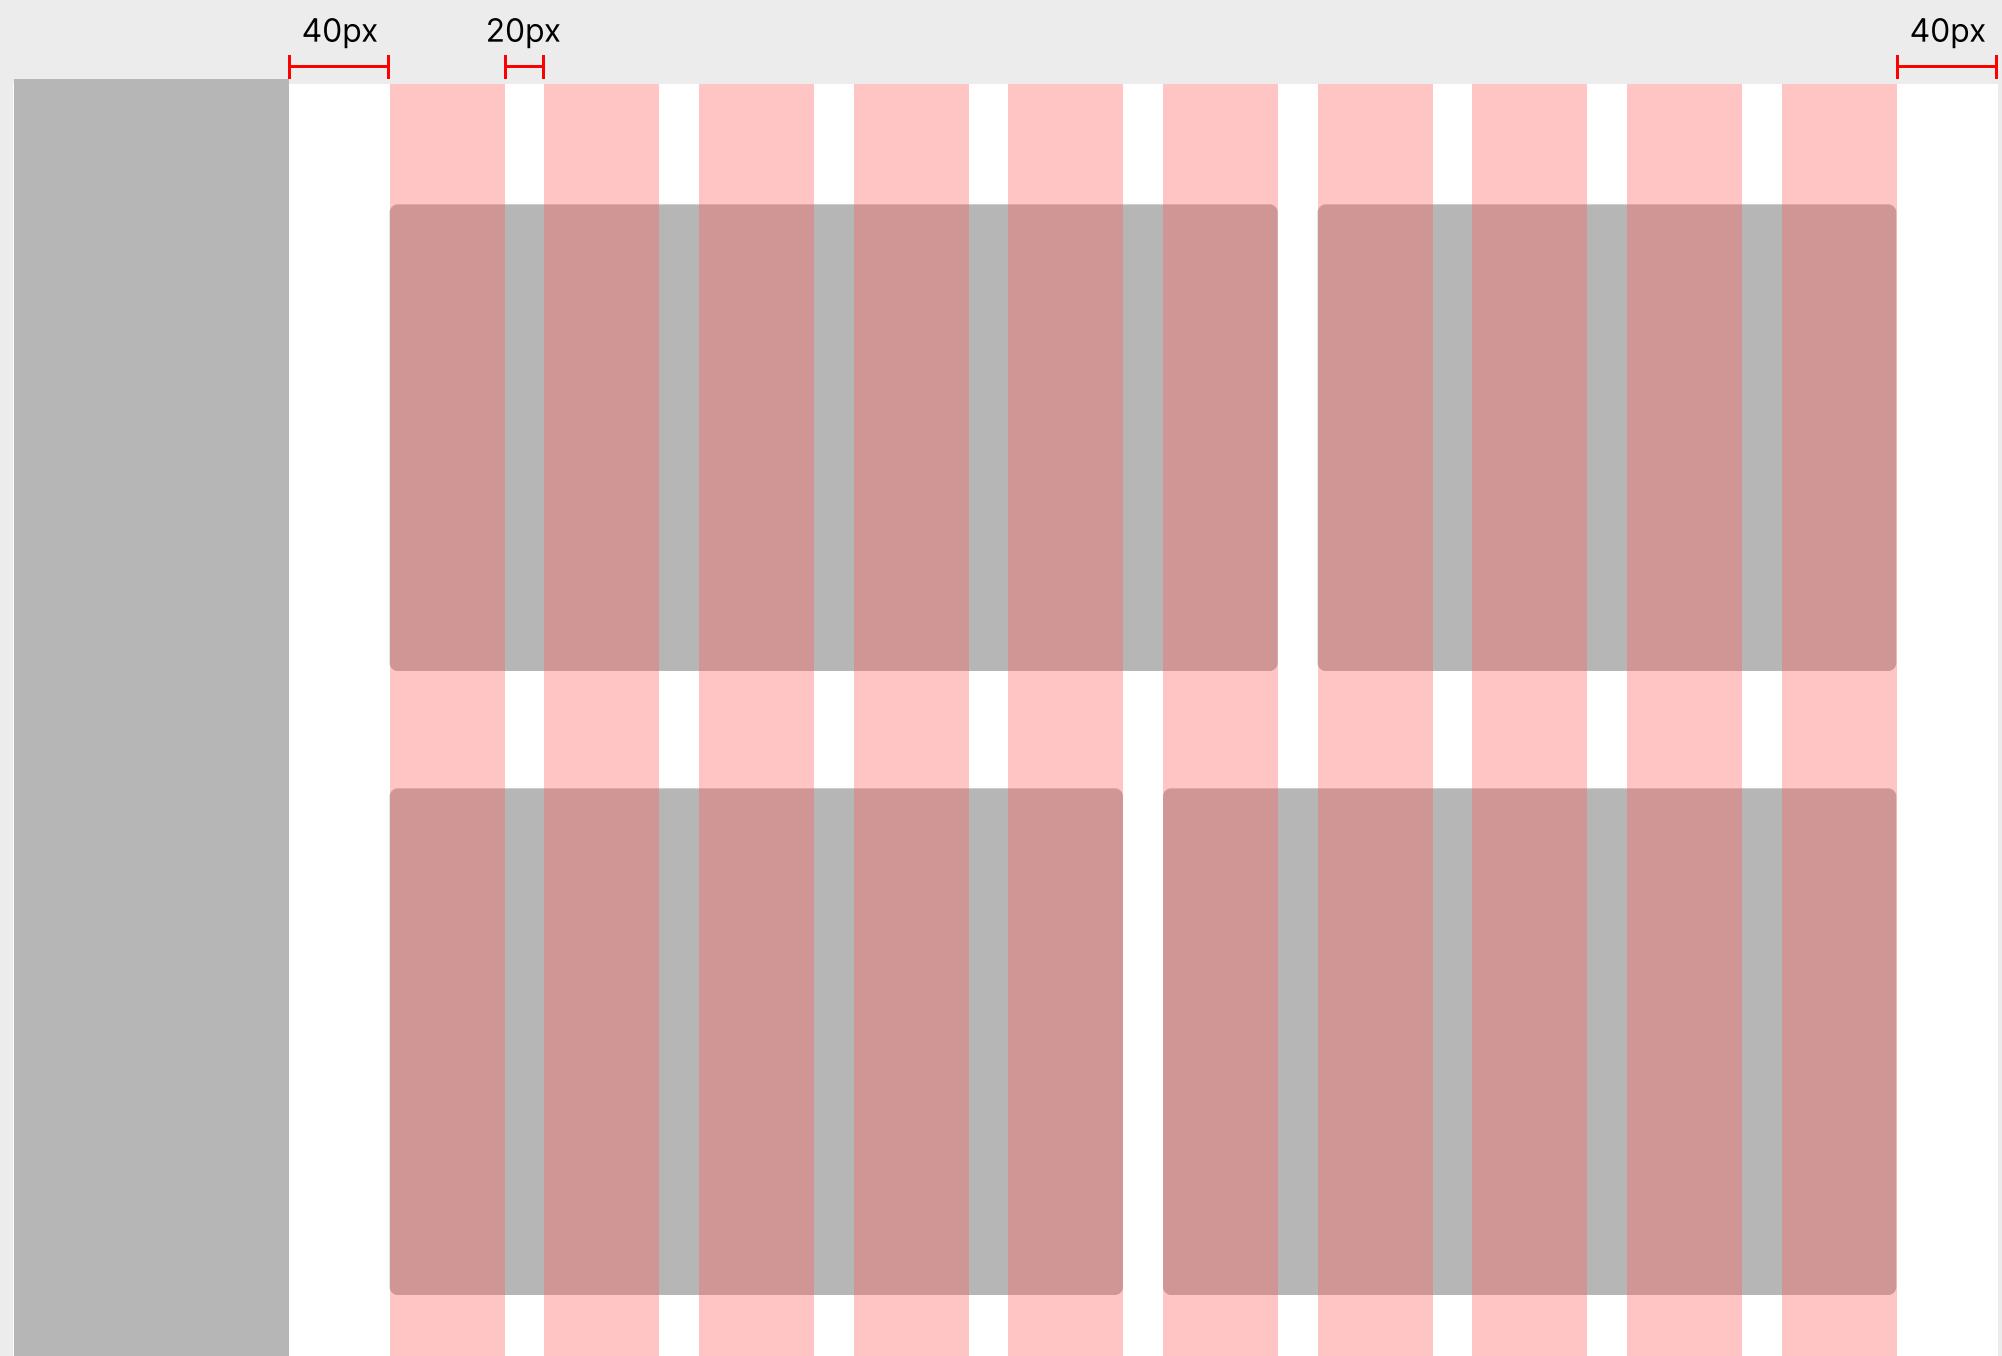

Columns: 10

Gutters: 20px

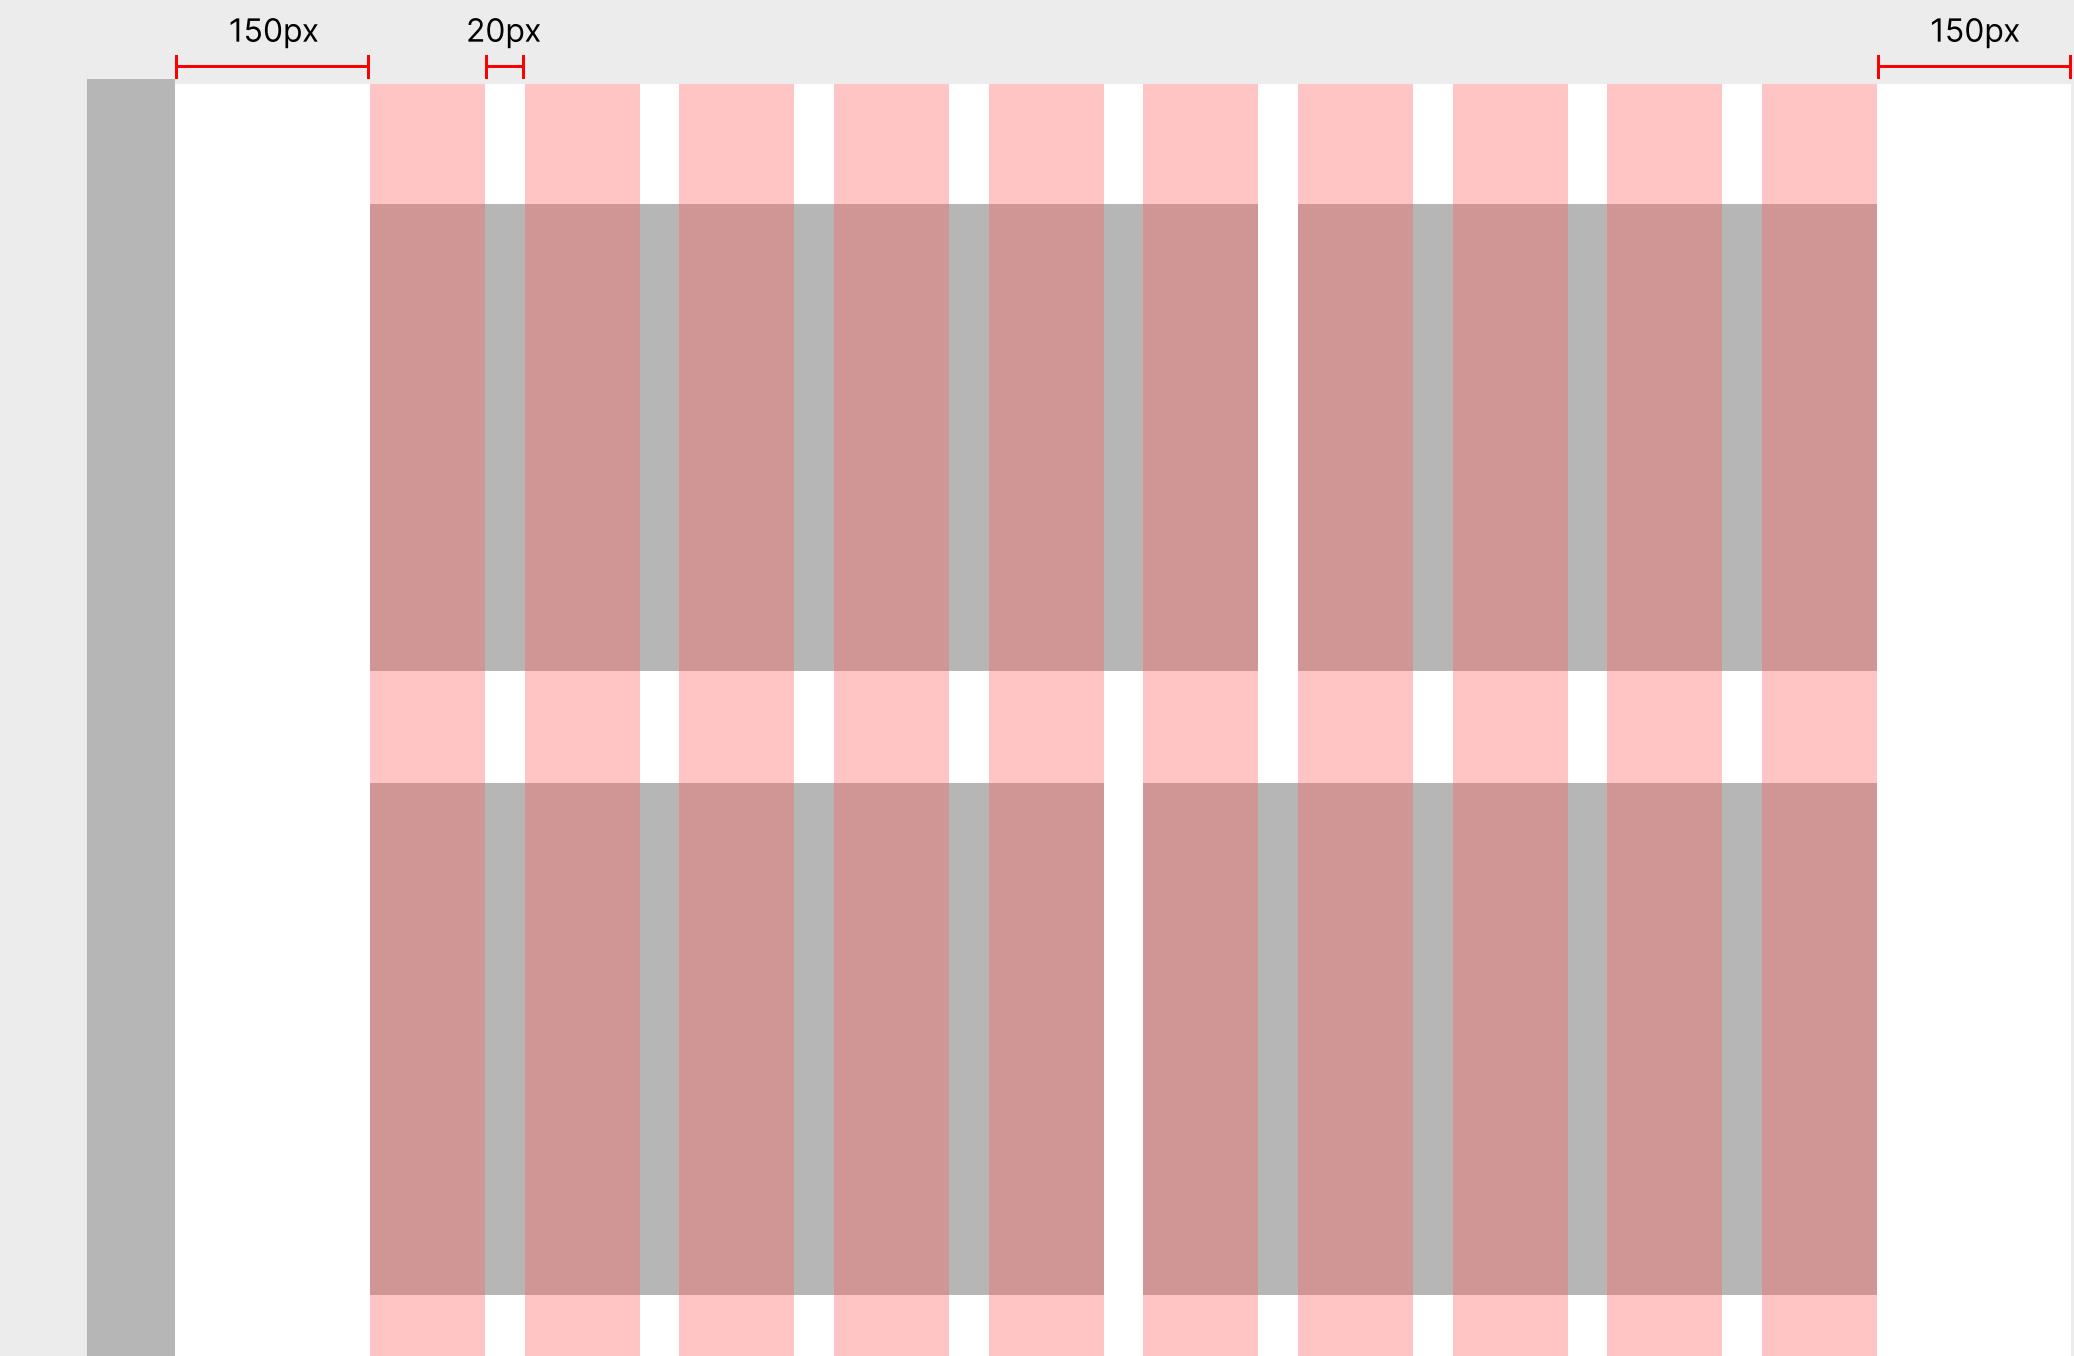

Width: 115px

The grid system exists independent of the sidebar to avoid issues created by the two states the sidebar can exist in. The grid will always attempt to align itself to the center of the space available outside of the sidebar.

Sidebar extended

Sidebar minimized

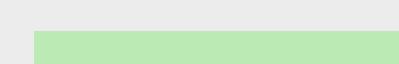

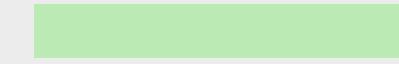

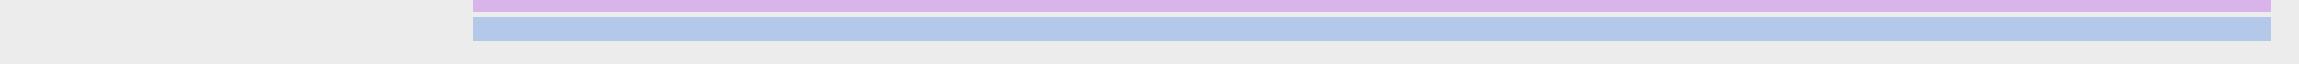

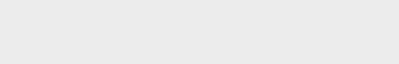

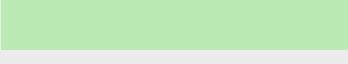

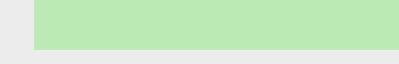

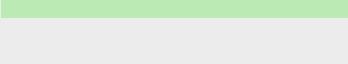

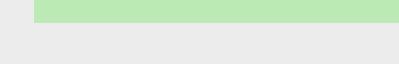

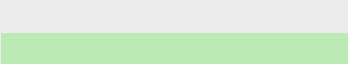

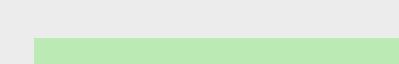

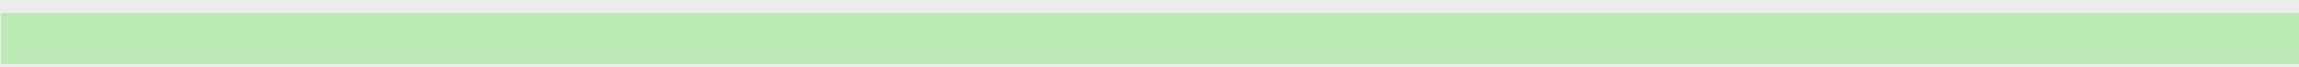

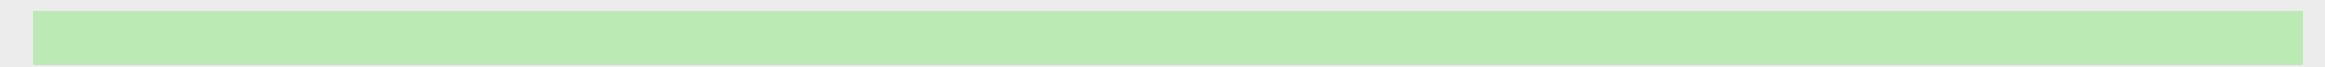

→
Here the content moves
over 90px to the left to
make use of the new
space.

Spacing

10px - Internal spacing

20px - Intra-section breaks

40px - Section breaks

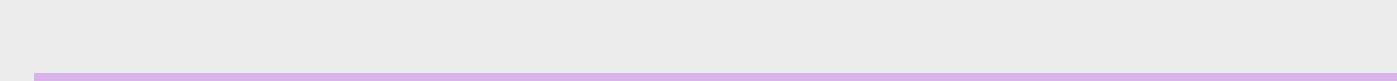

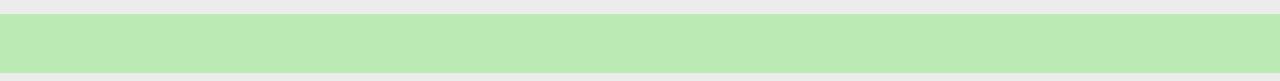

Spacing Cont.

10px - Internal spacing
